13 Persons Injured; One Near SAFE RAIDERS' Death In Week-end Accidents

Thirteen persons were injured, one critically, in automobile accidents in Orange county over the week, according to reports to

Jack Matsuda, 14, of Lotus and Walnut streets, Westminster, suffered a fractured skull when cars driven by Harry R. Miller, 45, of 402 South Birch street, Santa Ana, and Norman Durnil, 18, of Westminster, crashed at Los Alamitos boulevard and Ocean avenue at 2:15 a. m. yesterday. Back Is Hurt

The Matsuda boy was rushed to St. Mary's hospital, Long Beach. The other victims of the accident Miller, Durnil, Josephine Wood, 30, of Santa Ana Rt. 1, box 131; Oscar Bowen, 25, of Santa Ana Rt. 4, box 77, and Joel Newkirk, 14, of Seventeenth and Golden West avenue, Westminster, were removed to Community hospital, Long Beach. Later Bowen was transferred to the Orange County hospital. He has a possible fractured vertebrae. The others were treated for cuts and bruises and sent to their homes.

At 4:35 a. m. today, Joe Washburn, 19, 610 12th street, Huntington Beach, and Anita M. Concert Pianist's Washburn, 40, of the same address, were cut and bruised when Tuesday Program failed to negotiate a turn and crashed into the M. Gold Rush of '39 for Philippine Mines, Mills and Ore Cars Seen

BAGUIO, P. I., March 13. (UP)

The Philippines are headed for what gold mining history may record as the rush of '39. It will be a rush of mills, ore cars and other heavy machinery instead of gold-share brokers. The business has grown up and now is second only to sugar among the archipelago's indus-

The islands that the Chinese traders centuries ago called the "Land of Gold" produced more than \$30,500,000 worth of the metal in 1938, more than half the value of the sugar crops and more than the combined value of coconut oil, hemp, tobacco and lumber exports.

Cornelio Balmaceda, , director of the bureau of commerce, predicted today 1939 gold production will total \$35,500,000. So long as the U. S. treasury pays \$35 an ounce for the metal, gold appears destined to play an increasingly important part in the creasingly important part in the CLERK OFFICE insular economy. Observers generally forsee a gradual decline for the sugar and coconut oil industries, artifcially stimulated

mile to the power line and the half mile to the highway.

A new threat developed, however, from the fissures fingering out from the main body of the slide. At first only deep gashes in the earth, the fissures began breaking up into new movements of earth. Somewhat like streams of water they converged on the main slide, piling up behind it and giving new pressure to the forward movement.

Whether the pressure would be great enough to force the slide over the remaining half mile to the highway and the river bridge was problematical.

Watch Progress

Engineers, watching its progress, estimated it had moved only eight feet in 24 hours and that at such a rate it would take a month.

LABOR LEADERS IN WOMAN CONVICTED OF RUNNING "PEACE" CONCLAVE DIVORCE MILL ASKS PROBATION

OROVILLE, Cal., March 13.—(UP)—Mrs. Clara Os-NEW YORK, March 13.-(UP) born, convicted of issuing divorces singlehanded and with-Seven representatives of the out benefit of court while she was Butte county clerk, went American Federation of Labor to court again today, for hearing of her application for pro-

and the Congress of Industrial Organizations met here today in an effort to end their organizations' three-year struggle for superemacy.

The AFL and CIO committee began their fourth conference since last Tuesday and increasing pressure from rank and file union members and high administration officials to force a peace agreement.

Study Proposal

Dation.

Mrs. Osborn was convicted a the "divorce mill" and the practice of delivering babies at the count of forgery growing out of a practice of obtaining divorces for women because they "could not afford to hire attorneys." Sentencing of the convicted woman was set for last Friday, but to show leniency if the probation plea.

Study Proposal

Orders Inquiry

Study Proposal

They had before them an AFL proposal, basically similar to a plan which failed to bring a reconciliation in December, 1937.

The new and widespread interest of the rank and file unionists in both camps made the outlook for peace now more favorable than it was 15 months ago. President Roosevelt's personal intervention and his mobilization of

SANTA ANITA CLOSES RECORD RACE MEET

Lutze Faces Zaharias At O.C.A.C.

and the tall went first honors today in basketball's biggest show, the National A. A. U. tournament. Thirteen of the 55 entrants were packing duffle bags for a sorrowful return trip home as the second day's play began at dawn.

Sunday's play, inaugurated this year because of the record entry list, was a "huskings bee" which saw only one highly held squad in action, the towering smooth-clicking Antlers of Colorado The Antlers, obviously der wraps, eliminated the Des Moines, Ia. Collegians 40-33.

Today's tournament crowd promised to far exceed yesterday's 2,-500.. The peak was not expected, however, until later in the week when the "culls" are weeded out and stop-seeded teams such as the Denver Nuggets, Bartlesville, Oklahoma, Oilers and Oklahoma City Parks, hit the floor. All the heavy favorites drew first-round byes.

The highlight of Monday's contests was in the prospect tonight when two of the most heavily backed outfits appear for the first time. The Denver Nuggets, champions two years ago, meet the Marshalls, at 9. Immediately afterward, the Bartlesville Oilers, runnersup to the Nuggets for the second-half race of the Missouri Valley A. A. U. loop, play the Butte, Mont., Boosters. Both are second-round contests. First round results:

Rock Springs, Wyo., 61, Kanorado, Butte, Mont., 59, Pueblo, Colo.. 32. Bogalusa, La., 60, Colorado Springs, Colo., Speedways, 27. La Salle, Colo. 43, Portland, Ore.,

Marshalls, Salina, Kans., 50, Ozark Ass'n Champions, St. Louis, 47.
Colden State, Oakland, 37, Wichita, Kans., Gas, 21.
Nat'l Business Coll., Roanoke, Va., 52. Regis College, Denver, 44.
Young American, Minneapolis, 39, N. Y. Furniture, Denver, 36.
Antlers, Colorado Springs, Colo., 40, Collegians, Des Moines, 33.
Crow Indian Agency, Mont., 39, Mt. Harris, Colo., 24.
Bradley's Milwaukee, 61. Peerless Grow Holan Assembler of Color of Color

Over-Crowded

REDDING, Cal., March 13. (UP)—Shasta county authorities were under orders of the state board of health today to reduce to 17 the number of prisoners in the county jail.

At the same time, the grand jury was to resume its inquiry into asserted conspiracy by Congress of Industrial Organization pickets and leaders to violate a county anti-picketing ordinance. District Attorney L. W. Carr asked the grand jury to return con-spiracy indictments against seven officials of the union and some 80 pickets who have been arrested. The board of health ordered authorities to install lavatories in an old high school gymnasium which now is being used to relieve conjestion in the jail. The board said the county would have to install complete sanitary fixtures at a ratio of one to each 15 men jailed.

SHARE-THE-ROAD CLUB -help cut down on TRAFFIC BONERS

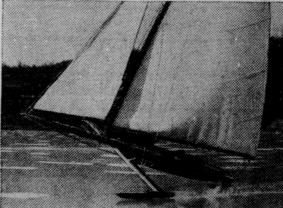

Super-Shell

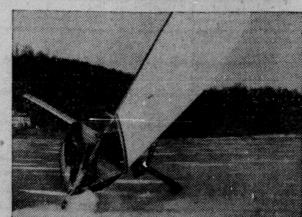

FREE_at your Shell dealer's SHOW YOUR COLORS in the nation-wide crusade to rid the road of "Screwdrivers." Traffic authorities say this will cut Stop-and-Go 25%. "Share the Saves on Stop-and-Go Road" and Super-Shell both save on Stop-and-Go.

THE "SHOVE OFF." "Hiking" an ice-boat at 2 miles a minute is a thrilling and chancy sport. First in line is George J. Seger's Alva II. He is Commodore of the Lake Hopatcong (N. J.) Ice Yacht Club... has won many titles because of his skill and daring.

HERE'S THE ALVA II, windward runner high in the air, as Seger races faster than the wind on the starboard tack. "After a race it is sure swell to let up, light up a Camel," says Commodore Seger.

LOOK OUT! Ice-boat pilots need the skill and nerves of racing-car drivers. Like those in many other thrilling activities, ice-boat sailors find that Camels never jangle the nerves, Commodore Seger reports. And they're so mild, taste so good!

COSTLIER TOBACCOS - Smoke 6 packs of Camels and find out why they are the LARGEST-SELLING CIGARETTE in America ICE-BOAT RACER SAYS:

"For smoking pleasure at its best... Let up_Light up a Camel"

NOW'S THE TIME for a Camel. The race over, Seger pushes back 4 his goggles, lets up and lights up. "Camels never tire my taste or jangle my nerves," he says. That goes for Frank Rodecker, champion aquaplaner-Marie McMillin, parachute jumper-Ralph Guldahl, U.S. Open golf champion, and millions of other smokers who also appreciate Camel's extra-mild, costlier tobaccos. See if you, too, don't find more true smoking enjoyment, cigarette for cigarette, in mild, fragrant Camels.

Camel...the cigarette of Costlier Tobaccos

It seems Mr. Garner, who be lieves in getting a dollar's worth decided to do some resettling and

of town for \$2700 as a demonstration. It was last summer. Garner had nothing to do. So he decided to try his hand and see what he could do.

The result was that the Vice President built his houses for just about half the cost of the FHA house, is renting them for less than half as much, and making 15 per cent profit while FHA is breaking even or losing money.

This private Garner low cost housing project to date has com-pleted 17 houses and several more are underway. The average cost so far has been \$1500, but chiefly because two or three tenants wanted sleeping porches, and this ran the cost of these few places up to \$1800 each, thus lifting the average. All the houses have garages and modern conveniences.

Mr. Garner's houses rent for \$10 to \$15 per month, while the FHA house rents for \$27.50. One tenant in a \$15 house sends a check for \$7.50 every two weeks to the Vice President and generally makes some pleasant personal ref-erence to his "landlord."

Where Garner, who is not a builder, put it over on FHA, apparently, was in management. He thought for instance that the FHA used a lot of concrete and beams not necessary in that part of the country. Only his most intimate acquaintances know of his venture, but they say he thinks his houses are as good in appearance and equal in every particular to the FHA demonstration.

While he figures that right now he is getting 15 per cent on his investment, in the long run he expects to ret 10 he expects to net 10 to 12 per

of China At Easter Services

S. A. Churches to Stress Needs

Churches of Santa Ana will preent the needs of China and reuest a special offering at their Easter morning services April 9, it was announced today. The Appeal will be presented by the churches of Fullerton and Brea

The committee in charge here consists of the Rev. Harry Evan Owings and the Rev. Everett E. Johnson. In Fullerton the committee is made up of the Rev. L. I. Chamlee and the Rev. Graham Hunter, while in Brea the Rev. Cecil Prior and the Rev. Frank Relief Work

The relief work is in charge of the Federal Council of Churches of Christ in America through the Church Committee for China relief, with western headquarters in Los Angeles. The slogan of the committee is

Save a million lives by Easter." Not less than 30,000,000 people in China have been made homeless, with mission stations being

dead, are crying for food in China wrecked home or shell shattered rice now being provided in mistoday," L. L. Wirt, western direc-street. tor for the committee, said today.

One starving baby, found crying alone on any American street, can tear the hearts of that community and arouse immediate action in sympathy and tender care. This is the message brought to Santa Ana today as churches of the city planned to present needs of

"Hundreds of thousands, perhaps more than a million babies, by some ghastly fate and left alone with one or both parents lost or dead, are crying for food in China wreeked home or both parents lost or to starve and die in a bomb-

tor for the committee, said today. "Many of these helpless Chinese pitals, schools, refugee camps and their little stomachs are just as babies and small children, victims through contributions of generous empty and pierced with the sharp of war, famine, flood and disaster. Americans to the Church Commitblade of pain and their big tears can be saved by the daily bowl of tee For China Relief."

THE MIXING BOWL

Exercises are apt to take on a To Celebrants of lot of frills that mean nothing Tin Wedding

ercise is a grand one, but not as it celebrants. came to me. This is how it worked

Take your stand in a door way, feet in flat slippers, body in gown or bathrobe. Stand with feet slightly apart and while slowly inhaling, bring right arm up as against weight and slightly at an angle, until finger tips will reach or almost reach top of door frame. This means that from a flat stand you are now on tip toes, with every muscle in legs, right hip, back, stomach and shoulder stretched to the limit. Come back to position and reverse the action. Take this exercise in small doses until those seldom used back muscles quit screaming. Increase times done until you can take fifty per side. Persisted in, this exercise is about all you

Brown quickly and put in kettle with small boiling onions, sections of new carrot, sliced celery, plenty of parsley and a minced clove of garlic. Cover with boiling water and stew until tender. Serve with baked potatoes.

Class Elects Officers

Although sociability and enter tainment were featured in Fri day afternoon's meeting of Mary Blair class of First Presbyterian church, election of officers was the most important phase of the session in the church fellowship

This followed devotionals led by Mrs. Harold K. Pollock. Mrs. Martha Withall was named to the presidency to succeed Mrs. A. J. Beckman, who presided over the business interval. Mrs. Frank Leonard succeeded Mrs. A. W. Metzger in the vice presidency, and Miss Louise Friedley was returned to the secretarial post as was Mrs. L. J. Pletke as treasurer.

Entertainment was provided by Mrs. L. R. Stearns, a class guest, and Mrs. Metzger, both of whom gave humorous readings. At the tea hour, the new president and vice president, Mrs. Withall and Mrs. Leonard, were asked to preside at the prettily arranged table from which refreshments were

Gala Party Pays Honors

Mr. and Mrs. William J. Richardson arranged a special anniversary dinner as compliment to the Minters, with the surprise feature to follow in the form of gala party for some twenty additional guests. For the dinner hour in the Richardson home, 1232 West Eighth street, guest group included Mr. Minter's mother and sister, Eleanor Minter and Miss Claudine Minter, with the hosts and the celebrants completing the

Table appointments were all in green and silver, and the delectable menu was enjoyed by candlelight. In after-dinner hours, just as the intimate little family group had settled down to a quiet home evening, the remaining guests arrived, led by the Ivan Elliotts, who had conspired in the plans An evening of whoopee was soon in prograss, with winners of each privileged to make their choice of the array of clever

Culminating the games the presentation to Mr. and Mrs. Minter of gifts chosen for their appropriateness to the sary. The tin wedding again came into prominence when refreshments were served, and the tinware on each of the prettily appointed trays, was retained as souvenirs by the guests. Prominent among

guests were Mr. and Mrs. Henry and girlhood days. The Richardsons are now liv-

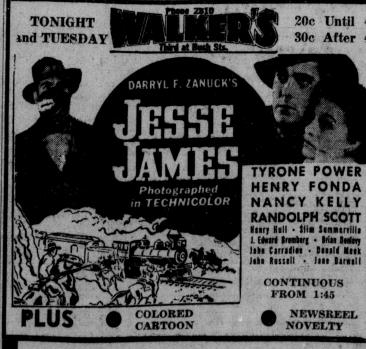

ing on the home ranch on La Veta street, Orange while their young son convalesces from an attack of whooping cough. Mrs. Eleanor Minter is occupying the West Eighth street home.

TRAINS ALSO SPEED UP

So much attention has been centered of late on the incredible speeds attained by planes that we incline to forget that land travel is also speed-

A study of American railroad schedules has shown that there are today 48,247 miles of daily runs time-tabled at 60 miles and more an hour. That is more than half the world's mile-a-minute mileage, and an increase of 10,835 miles over 1937. There are more than 1000 miles scheduled at 75 miles an hour or better.

How much of a speedup this is is shown by the fact that in 1932 American mile-a-minute runs totaled only 2022 miles. Freight transit also has speeded up tremendously. In 1938 the average distance traveled per day per train was 398 miles. In 1937 it was 386, and in 1920 it was 247.

Not only in the air, then, does man travel faster than ever before. On the ground, too, his business, like all the rest of his life, moves at speeds ever faster and faster.

'GO AMERICAN!'

always with the smoke from great coke and steel tremely impressive body of testimony, pointing tofurnaces. It has about 13,000 people.

naturalize these people. Scores have already aphistory, foreign languages, English and so forth." plied for their first papers. Among the proudest applicants was a 75-year-old mother whose 55- ducing a discriminating or venturesome reading year-old son brought her to a hall to sign the application.

laws compelling aliens to become naturalized, or ity." about laws discriminating against them. A citizen made by compulsion is of doubtful value.

ernment, as well as to accept its benefits.

GIRL SCOUT ANNIVERSARY

For twenty-seven years the Girl Scout organization has been helping girls to be healthy, happy, good citizens. Girls today live in a world which has known war, depression and wide-spread turmoil. Nothing is quite so simple as it was on March 12, 1912, when Juliette Low held a tea party in Savannah, Georgia, and told a group of eager children about the Girl Scout idea. Nevertheless, that Girl Scout idea seems as vigorous and young as it ever did.

The Girl Scouts of Santa Ana today learn to cook a meal, make a dress, model a vase, live in the open, or conduct a meeting by actually doing these things. Best of all, they are learning to choose intelligently among many possible courses of action—a first requisite for the training of citizens in a modern democracy. Today as always,

program fresh and varied as possible so that every girl may find in it something that she needs. And the people will sooner or later begin to see. By the people will sooner or later begin to see the people will sooner or later begin to see the people will sooner or later begin to see the people will sooner or later begin to see the people will sooner or later begin to see the people will sooner or later begin to see the people will sooner or later begin to see the people will sooner or later begin to see the people will be people will sooner or later begin to see the people will be people will sooner or later begin to see the people will be to be Scouts, but who have no one as yet to lead them. Men as well as women may help by sharing no way of raising the wages of all the workers, as have all the trappings of a when the class is over and they this drive and moral coercion of Tustin, Calif.

The past year has seen a phenomenal growth in Scouting in Santa Ana. March 1938 there were seven registered troops and two registered packs with a registered membership of 195 girls. Today, one year later, there are 19 registered troops and five registered packs with a total registered memadditional 100 girls working on the pre-requisites for membership. Registered membership represents | covery, he has no time for them. an increased appreciation of the National Program as the fee is paid annually.

allows wider choice of activities, and more democratic means of carrying them out.

"THE DEFEAT OF SCHOOLS"

In the March issue of the Atlantic Monthly, Dr. James L. Mursell has a very interesting article on the defeat of schools. Dr. Mursell is associate professor of education at Teachers College, Co-

Dr. Mursell says, "The schools go through an elaborate, costly, and exasperating set of motions called teaching natural science, foreign languages, English and so forth. Yet what is contained in textbooks and syllabi obstinately refuses to transfer itself to the minds of the patrons and stay there. In the grand struggle to get subject matter off the page and into the head, the schools are suffering a spectacular and most disconcerting de-

He then goes on and cites the study made by the Carnegie Foundation in colleges in Pennsylvania and issued under the title, "The Student and His Knowledge," pointing out that this report caused considerable furor over the ignorance of college seniors. He points out that the defeat of the schools does not depend on one investigation alone, on a dozen, or a score or hundreds; that we have nothing less than a consistent testimony of 30 years of enormously varied research in education. Since 1910, many thousand investigations have appeared, dealing with almost every conceivable aspect of school work. The doctor points out that a great many of these students, "without particularly The little town of Donora, Pennsylvania, has setting out to do so, throw a most startling light upon the results of education. Taken in the mass, It is a small town near Pittsburgh, blanketed they add up to a consistent, coherent, and exwards one conclusion: whatever the goods which Of these, 916 were foreign-born. More than 70 our schools are delivering, they are not what one local organizations are now united in a drive to might expect to find in packages labeled science,
